

# GENDER AND COVID-19

**Timeline:** July 2020 - July 2021

**PI:** Drs. Kelley Lee & Julia Smith

**Co-PI:** Professor Sabina Faiz Rashid

**Coordinator:** Selima Sara Kabir, Assistant Research Coordinator

## OBJECTIVE:

Our project brings together academics from around the world, we conduct real time gender analysis to identify and document the gendered dynamics of COVID-19 and gaps in preparedness and response.

## METHODOLOGY:

Mixed Methods Study (Quantitative Survey + Qualitative IDIs and KIIs) to mapping and analyse sex disaggregated data on COVID-19 infections and mortality; and conducting gender-based analysis of policy responses in order to improve national and global responses through policy analysis and key informant interviews.

**Donor:** Gates Foundation

**Partner:** N/A

**Grant Amount:** USD 102,149 (Year 1)
