Citizenship: Australian, Bangladeshi

Dr. Sabina Faiz Rashid, is Dean and Professor at BRAC James P Grant School of Public Health at Brac University. She has a Bachelor's and Master's degree in Social Anthropology, and a PhD in Medical Anthropology and Public Health from The Australian National University, Canberra, Australia. She has been working since 1993 in national and international organizations including BRAC (the largest NGO in the world), Grameen Trust (a sister organization of Grameen Bank) and UNICEF Bangladesh. She joined the School of Public Health, BRAC University in 2004 and was appointed as Dean in 2013. In addition to the overall leadership and management of the School, Dr. Rashid has been integral to the founding and growth of the international Master of Public Health (MPH) program and the School. The MPH program was established in 2005 and till date has 530 alumni from 30 countries. She is actively involved in coordinating 3 core modules in the program including *Introduction to Public Health, Anthropology and Public Health, Gender, and Reproductive and Sexual Health and Rights*. She is currently Project Director of the ERASMUS capacity building in higher education, funded by the EU (2019-2021).

Dr. Sabina Faiz Rashid specializes in ethnographic and qualitative research. Her research focuses on gender, sexual and reproductive health, emotional health, well-being, sexuality and rights of adolescents, young women and men. Through her research, she focuses on the most disadvantaged and marginalized populations, including urban informal settlements residents, refugee and migrant populations, people with disabilities, and sexual minorities. Her interests lie in critically examining public health approaches and how social, cultural, and political economic factors influence choices, decisions, behaviour and affect the lives, health and rights of the poorest and most disadvantaged communities.

Dr. Rashid has undertaken implementation research and advocacy for improving reproductive health programs for adolescents and women in urban contexts, along with changing the content of SRHR curriculum for adolescents and young people in the country. She established the Centre for Gender, Sexual and Reproductive Health and Rights (GSRHR) at the School in 2008, to promote education/training, research and advocacy, and co-founded the Centre for Urban Equity and Health (CUEH), which focuses on research and organizes advocacy seminars and meetings to co-create knowledge with key stakeholders, influence policy, and build awareness on urban issues at the national level. She was overseeing SHARENET, a virtual platform in Bangladesh that posts online issues on SRHR, LGBT and policy, in partnership with Red-Orange, Bangladesh (until 2018).

Dr. Rashid is a member of several international and national organizations including the Coalition for Bodily and Sexual Rights (since 2007), and the Academic Advisory Group of Sexuality and Development, Institute of Development Studies, Sussex, UK (since 2010). She has been serving as an International member of the WHO Secretariat - Health Systems and Policy Analysis, World Health Organization in Geneva, Switzerland from 2014 and was also invited the same year to become an Advisory Member on the annual Abortion Panels – IUSSP, organized by the Guttmacher Institute, New York. In 2017, she joined as an Advisor member of CREA, an organization working on sexual rights of LGBTQ and other excluded populations. More recently, she was invited in 2017 to become a member of Global group - Learning Collaborative: Measurement Community on Adolescents, Institute for Reproductive Health, Georgetown University and to the South Asia Regional Community of Practice: Strengthening Regional Work on Normative Change for Adolescent and Youth Sexual and Reproductive Health. In 2020, she was invited to become a member of the

Rockefeller-BU 3-D Commission, led by Professor Sandro Galeo, Dean, School of Public Health, Boston University. She is lead focal for the Regional Platform on gender, SRHR from Bangladesh, with partners in India and Nepal. She is a member of the National Working Group - Bangladesh Health Watch, a multi-stakeholder civil society advocacy and monitoring network established in 2009 and dedicated to improving the health system in Bangladesh.

Dr. Rashid has led several multi country research and capacity building grants with international partners including the Institute of Development Studies, University of Sussex, Liverpool School of Tropical Medicine, Liverpool, UK, London School of Hygiene and Tropical Medicine, UK; KIT, Netherlands, University of Amsterdam, Radboud University, Netherlands; EngenderHealth, USA, Guttmacher Institute, USA; African Population Health Research Centre, Kenya; CREA, India, TARSHI, India; and with local partners BRAC Gender and Advocacy Unit, Government of Bangladesh, national SRHR NGOs, LGBT networks, and BLAST, a legal aid organization. She has been awarded research and capacity building grants from the World Bank, WHO, Gates, USAID, NUFFIC, NWOTRO, EU, Dutch Embassy, WHO, IDRC, DFID, and IWHC.

Dr. Rashid has 90 publications (articles, book reports, book chapters and reports), and has brought in over 14.5 million to the School in research and capacity building grants.

## **Education**

- |           |  |

- 1993-1994 – BRAC, Research Anthropologist, Research and Evaluation Division, BRAC, Bangladesh

### **Other Employment:**

- 1995-1996 – Grameen Trust (sister organization of Grameen Bank), Program Officer, Dhaka, Bangladesh
- 1994-1995 – UNICEF, Consultant - health and communications, UNICEF, Dhaka

## Global Award

May, 2018 – ‘**Heroines of Health**’ Award, nominated and selected for the award. Nine women were selected from this global competition of over 100 + nominations. Awarded by GE Healthcare, Women in Global Health. Event took place at the World Health Assembly, Geneva.

## International Fellowships

Sept - Oct, 2018 – **Visiting Scholar, University of California at Berkeley, USA**. Visiting Scholar at the Center for Social Medicine and also at the Institute of South Asia Studies.

February-August, 2011 - **Fulbright Scholar**, Visiting Scholar at Centre for Gender, Sexuality and Health, **Columbia Mailman School of Public Health, Columbia University, USA**.

February-May, 2006 - **Research Fellow**, Asia Research Institute, **National University of Singapore**.

2001 - 2004 - Postgraduate Scholarship –competitive scholarship for doctoral studies, NCEPH, the Australian National University

## Teaching and Research:

### Teaching Core Modules in our international Master of Public Health program:

Introduction to Public Health: Its Purpose, Values and Practice: This course introduces the vision, values and community-centred ethos of 21st century developing country public health needs, and are introduced to a holistic model of health, with personal health as a critical dimension of public health and its complementarity with social dimensions of health. There is intensive urban and rural public health context learning and groups of students work to find solutions to public health problems.

Anthropology and Public Health: Through this course, students critically explore how elementary personal, gender, cultural and socio-economic perceptions influence contemporary developing world health environments. In particular, how indigenous and biomedical approaches to health and well-being promote or constrain community health outcomes. The course challenges conventional biomedical notions of health with more holistic conceptions which include personal, emotional, mental and spiritual dimensions of health. The course takes on a solution centric approach whereby the sessions are designed around working with communities and the development of innovative small-scale solutions, which engage students in learning by doing.

Reproductive and Sexual Health and Rights: Students learn global and local anthropological and epidemiological theories, concepts and evidence on how social, political and economic factors impact gender, sexual and reproductive health, sexuality and rights, and students also learn about access and barriers to health services and the role of key stakeholders. For the Maternal Neonatal Child Health component, students visit a hospital and investigate particular bottlenecks and develop solutions.

## Research & Capacity Building Grants Awarded

(June 2020-July 2022), Principal Investigator, COVID-19 Gendered risks, impact & response: research and policy guidance. Gender Data & Evidence – Foundational Research and Analysis on WEE: Create a global hub/network for foundational research and analysis to deepen understanding of mechanisms and factors that hamper or enable women’s work, income, and productivity. Brac School in partnership with: Simon

Fraser University, Johns Hopkins and Hongkong University, Funded by Gates Foundation, USA (Amount: US\$ 170,000).

(January 2020 – June 2020), Principal Investigator, Digital cash transfer, gender and women's social and economic empowerment (Brac School in collaboration with Harvard university – in three countries). Funded by Gates Foundation, USA. Total amount of grant: USD 100,000.

(15 November 2019- 15 May 2021). Technical Advisor, BRAC – Disrupting Cross Border Trafficking Networks in Rural District, Bangladesh, led by the school. Funded by Children Investment Fund Foundation (CIFF) – UK. USD 100,00.

(April 2019 - March 2024), Principal Investigator, Mobilizing for a research revolution to ensure LGBTIQ inclusion in Asia: A high-impact, transformative international partnership (MFARR-Asia). Funded by The Social Sciences and Humanities Research Council of Canada, and Coordinated by University of Toronto. CAD\$ 250,000

(2019-2024), Principal Investigator, Countering Backlash and Reclaiming Gender Justice, led by the school. Funded by SIDA and coordinated by IDS, University of Sussex, UK. GB 176,558.

(2019-2024), Principal Investigator, ARISE – Accountability and Responsiveness in Informal Settlements for Equity in Bangladesh. It is a research consortium across 5 countries: Bangladesh, India, Kenya and Sierra Leone, and UK, led by Liverpool School of Tropical Medicine (LSTM). Funded by UK Research and Innovation's Global Challenges Research Fund. GBP: Total 10 million - (BRAC JPG School: GBP 1 million)

(2018-2021), Project Director, ERASMUS Education Capacity Building Grant, BRAC JPG School lead institution in partnership with IDS, UK and Maastricht University, Netherlands. Euros: 995,000

(2018-2019), Principal Investigator, Men Engage and their Sexual and Reproductive Health Needs, led by the School (a national level study), US\$522,000

(2018-2019), Co-Investigator, People with Disabilities and their Sexual and Reproductive Health Needs, led by the School (a national level study), US\$581,000

(2018-2019), Principal Investigator, Sexual and Reproductive Health of Women Rohingya Refugees, World Health Organization (US\$ 86,000).

(2017-2020), Co-Investigator, Cities and Resilience: Migrant Populations Health, in partnership with Imperial College, UK, Funded by WELLCOME TRUST (Euros 375,000).

(2018-), Principal Investigator, Adolescent girls lives in transition, early marriage, empowerment and health in urban slums. BRAC School of Public Health in partnership with Co-Principal Investigator, Maheen Sultan, BIGD, Funded by GAGE project, DFID (GB 200,000).

(2016-2018) Co-Investigator, Digital Sister for Urban Youth: Using New Technology for Effective SRHR Communication for Urban Youth in Dhaka City, Bangladesh, in partnership with University of Amsterdam, PI, NWOTRO, (Dutch funded 300,000 Euros)

(2015-2018), Co-Investigator, Breaking the Shame, Adolescents and Sexuality in rural and urban areas of Bangladesh – Co lead in partnership with Radboud University, Amsterdam, PI, NWOTRO, (Dutch funded, Euros 591,791).

(2015-2018), Principal Investigator, Early Marriage Prevention among adolescent girls in Urban Slums in Bangladesh, IDRC CAD 475,000, Bangladesh

(November 2012-2017), Principal Investigator, Reaching out and Linking in: Health systems and close-to-community services in urban and rural areas: REACHOUT, funding: EU 7million.CollaborativeProject (Northern & Southern institutions), Bangladesh- €793,030

(August 2012-2017), Project Director, Capacity Building on Gender in Sexual Reproductive Health and Rights (SRHR), funding NUFFIC–Capacity Building in Higher Education.Euros2.6million (4 partners)

(July 2012-June 2015), Chief of Party, Lead, Developing the Next Generation of Public Health Experts, Capacity Building in Masters of Public Health Education, USAID US\$3 million

(2012-2015), Principal Investigator, Urban Primary Service Delivery and Governance, Co-PI, ICDDR,B. Funding IDRC, Canada, CAD\$655,000

(October 2011– March 2012), Co-Investigator, Informal drug sellers, market and their role in health, (grant awarded US\$135,000), in partnership with team in icddr,b. Research for Development, USA.

(March 2011-2012), Principal Investigator, Access to Abortion in rural and urban areas of Bangladesh, in partnership with Guttmacher, New York and BAPSA (grant awarded US\$50,000)

(May 2010– May 2011), Principal Investigator, Violence Against Marginalized Populations Funded by the Netherlands Embassy, and coordinated by CREA-multi-country study in India, Nepal and Bangladesh) – (grant awarded \$46,000).

(March 2008-2009), Principal Investigator, Sexuality and Rights Training Grant, funder: International Women's Health Coalition, New York (Amount: US\$ 20,000).

(September 2005-2010), Co- Principal Investigator & Coordinator - Realizing Reproductive and Sexual Rights of Vulnerable Populations (DFID Funded), (Amount: US\$ 566,000).

(January 2008-2009), Co- Principal Investigator, Reproductive and Sexual Health of Adolescent Populations in Bangladesh, (Funded by JICA, Japan and GoB) (Amount: US\$ 347,425.90)

## **Membership of Boards, Secretariat, Organizations**

May 2020 – Member of the Global network for Academic Public Health, the focus of the network is to engage in conversations to enhance academic public health worldwide through mutual learning and collaborations between academic public health institutions globally.

April 2020 – Focal Lead, in Bangladesh, Regional Platform on Gender and Sexual and Reproductive Health and Rights, with Partner platforms in India and Nepal. Overall coordinator, SRHM, Geneva, (funded by Gates, India)

March 2020 – present – Member, Rockefeller-BU 3-D Commission, led by Professor Sandro Galeo, Dean Robert A Knox Professor, School of Public Health, Boston University (global group of members as part of the Commission)

January 2017 - present – Advisory Member, CREA, India

March 2017 - present - Member, South Asia Regional Community of Practice: Strengthening regional work on normative change for adolescent and youth sexual and reproductive health, hosted by, IRH, Passages and Save the Children, Nepal

August 2014 - present - Member of the Scientific and Technical Advisory Committee (STAC) of the Alliance for Health Policy and Systems Research (HPSR), World Health Organization, Geneva

May 2010 - present-Member of Advisory Group, Sexuality and Development Programme, Institute of Development Studies (IDS), University of Sussex, UK

April 2009 - present-Member of Working Group, Bangladesh Health Watch (BHW), Bangladesh (National Civil Society to improve citizens' health)

2007 -present-Member of Coalition for Bodily and Sexual Rights (CSBR), Women for Women's Human Rights (WWHR) -NEW WAYS, Turkey

Past membership: 2014 - 2017, Advisory Member, Abortion Panel – IUSSP (Guttmacher Institute, New York).

## Board Member of International Journals

2020 - Editorial Advisory Board, Sexual Reproductive Health Matters SRHM (Peer reviewed Journal)

2012 - present-Member of Editorial board, Journal South Asian Water Studies (SAWAS), India

2011- present-Member of the Editorial Advisory Board, Global Public Health: An International Journal for Research, Policy and Practice published by Routledge, USA Mailman School of Public Health, Columbia University

2012 - present-Member of Editorial board, Asian Pacific Journal of Reproduction

2012 - present-Member of Editorial Board, Indian Journal of Medical Ethics, India
